Volume 20 No. 25
February 2, 1974

Tuesday January 22, 1974 was a day like any other mid-winter Toronto day. Sleeting rain, and a promise of more wet snow. Spirits were high however, as they always are in the Canadian music industry, and they were exceptionally high that evening in the Centennial Ballroom of the Inn On The Park. A packed house of admirers of BMI's retiring General Manager Harold Moon, had gathered from all parts of Canada and the U.S. to honour Canada's first music statesman.

As a twenty-six year veteran of this thing we call the Canadian music industry, it was obvious, from the many speakers, who roasted Harold, all in fun, that he had become a very revered and important personage in the business and had, indeed, been the spark behind such a business.

Gordie Tapp, an exceptionally humorous and highly professional entertainer, acted as emcee for the evening. An important star of "Hee Haw", and a longtime friend of Harold Moon, Tapp set the pace for the evening with a variety of jokes, accents and trips down memory lane with Harold that made the evening well worth the \$20. a plate price tag. Tapp introduced each speaker, usually with a little dig, and they in turn paid tribute to "their hero".

Cam Ritchie, BMI's new General Manager, presented Harold with a beautifully engraved plaque from Don Grashey (D&L Music Pub-

CRIA ANNOUNCES FIRST MAPLE MUSIC AWARDS

The Canadian Recording Industry Association (CRIA) has announced the establishment of a new industry awards program -- the First Annual Maple Music Awards. Winners of the Awards will be presented on a one-hour prime time CTV network special sometime in April.

In making the announcement, CRIA president Arnold Gosewich noted: "The primary purpose of the new awards, is to create a more visible star system for Canada, thus creating a heightened public awareness of the exciting talent being developed in this country."

Sid Adilman in the Toronto Star dated Jan. 21, 1974 reported on the above press release under the heading "Canadian record industry in competition with itself" which follows:

CANADIAN RECORD INDUSTRY IN COMPETITION WITH ITSELF

The Canadian Record Industry Association is running into competition with itself in establishing Canada's equivalent of the Grammys, the pop music world's Oscars.

The association, representing 95 per cent of this country's recording companies and independent producers, has launched the annual Maple Music Awards. Yet its mem-

ANNE MURRAY NOMINATED FOR SEVERAL AWARDS

A few years ago a handwriting expert advised Anne Murray that 1974 would be the year that she would be recognized as an international entertainment personality. What's happening now would appear to lend credibility to that "crystal-balling".

Capitol's favourite Canadian daughter has been nominated for an Academy Award for her performance of "Send A Little Love My Way", the theme that ran through "Oklahoma Crude". She has also been nominated for a Grammy for her "Danny's Song" and, just this past week, her Balmur associate Leonard Rambeau reports that Miss Murray has been nominated for the Foreign Press Golden Global Award. The three time "JUNO" (RPM Gold Leaf Award) winner has been asked to perform at each of the three internationally known events.

Rambeau also reports that Miss Murray's January 31st engagement at Hamilton Place has been sold out necessitating a second show (Feb. 1st). These shows are being presented in conjunction with CHML Radio through the co-operation of Balmur Investments.

On the magazine front, Miss Murray is becoming one of the most popular of entertainers. She has just completed interviews for the Christian Science Monitor and the National Observer. Time Magazine is expected to cover the Hamilton concert.

Capitol's latest single release by Anne Murray, "Love Song", a Loggins penning, has moved quickly up the U.S. trade charts and is now considered a national hit in Canada.

bers will continue the same friendly, unofficial support extended for years to the Juno Awards, originated and run by RPM magazine. RPM is considered the industry's authoritative publication in Canada.

"We sought amalgamation with RPM", an association spokesman said yesterday. "But publisher Walt Grealis, who fought through thick and thin to keep the Junos alive, decided to stay on his own." Grealis -- who at one time financed Juno ceremonies on a shoestring budget, with his mother one year making all the sandwiches herself for invited guests -- had been seeking national TV exposure for the Junos. But the association appears to have blocked him by showing sufficient unified strength to interest CTV in televising its own award presentations in April. Negotiations with CTV are close to being concluded, according to the spokesman.

Selected by votes

Juno Award winners are selected by votes from RPM subscribers, most of whom either work for recording companies or are connected to the music field as performers, writers or producers. Junos are based on popularity. Of 14 Maple Music Award categories, eight will be based on the highest audited sales verified by a firm of Toronto chartered accountants. Two categories will be for international performers, and the remaining four -- best songwriter, group, male and female singers -- will be chosen by a national panel of broadcasters and journalists.

"We are trying to create a star system", the spokesman said. Isn't that just what Grealis tries to accomplish? He even named his awards for Pierre Juneau, chairman of the Canadian Radio-Television Commission that successfully instituted content rules in radio.

Robert Martin, staff writer for the Globe and Mail, reported (Jan 22, 1974) in a piece headed "A new set of awards for

GUESS WHO TO HEADLINE CELEBRITY TENNIS TOURNAMENT

The Guess Who have been firmed to headline the Celebrity Tennis Tournament to be held in Toronto in conjunction with the National Ballet of Canada. The tennis tournament will run from April 5 through the 7th with the special concert at Toronto's Maple Leaf Gardens April 5. It's also expected that Alice Cooper will make a special appearance at this concert. One of the principles involved in the arrangements for the tennis tournament is Mickey Dolenz, a long-time friend of the Guess Who and their manager Don Hunter. Location for the tournament has not been set at press time.

The Guess Who were in Toronto the week of Jan. 21 for final taping of the group's next album release at producer Jack Richardson's Nimbus 9 studios.

Wolfman Jack, a personal friend of Hunter and the group, lent a short vocal message to the intro of the group's next single release.

Canadian music industry":

A NEW SET OF AWARDS FOR CANADIAN MUSIC INDUSTRY

The fledgling Canadian music industry will receive a second set of awards some time in April when the Canadian Recording Industry Association presents the First Annual Maple Music Awards -- it hopes -- on a one-hour, prime time television special.

"The primary purpose of the new awards," according to CRIA president Arnold Gosewich, "is to create a more visible star system for Canada, thus creating a heightened public awareness of the exciting talent being developed in this country."

The Maple Awards will also be in competition with the Juno Awards which will be presented for the fifth time by RPM Weekly, the Canadian music industry's trade publication, March 25 at the Inn on the Park.

The reason for the split between these two sponsoring organizations, RPM and the CRIA, is a difference of opinion as to whether Canadians are interested enough to watch an hour of music awards on television.

Walter Grealis, publisher of RPM, said yesterday, "CRIA people have been pushing me to go on television but I didn't feel we were ready yet. I've been building to 1975 when we could have had O'Keefe Centre, a big orchestra and all the tinsel and glory that the event deserves."

The CRIA will use two methods to determine award winners. Eight of the 14 categories will be for records that sell the most in their fields, Canadian single, Canadian album, and so forth. These will be established by independent audits conducted by Touche Ross & Co.

More subjective judgments such as top male and female artists of the year will be "voted on by a national jury comprising music broadcasters and a selected list of popular music reporters and critics."

RPM has a much more detailed list of categories, 26 in all, that include awards for best singles, albums and performers in the contemporary, pop, country and folk genres, along with several awards that are strictly industry-oriented, Canadian content record company of the year and so forth.

According to Brian Robertson, information officer for the CRIA, the Maple Music Awards will not kill off the Juno Awards. "During our discussions," he said yesterday, "there was the implication that he (Grealis) wanted to keep it as a trade show. We think that the time has come to expose Canadian music to the public and we want to use the awards as a showcase for the industry."

Will the industry continue to support the Juno awards? Gosewich, who is president of Capitol Records of Canada as well as the CRIA, said yesterday, "I can't speak for the others but Capitol Records certainly will."

Juno Awards tickets selling briskly

We find it is necessary to advise the trade (our readers) that we have been limited in the number of tickets to be made available for the Juno Awards. The demand has been increasing and indications are that we will have to post "sold out" notices before too long.

We have had a number of enquiries regarding

invitations — primarily because previous year's affairs have been by invitation. This year's Juno Awards will be by ticket only. Last year we discovered a great many people were unfortunately overlooked and — many who did receive invitations, passed them on to friends and neighbours not remotely interested in the industry. This year we extend the invitation to buy tickets but please bear in mind there is a limit. They have been on sale since October of last year.

RPM CHART REVAMP BRINGS KUDOS FROM TRADE

Our new 50 plus 50 single and album charts have brought a great deal of comment from the trade across Canada. One very valid criticism which is being remedied is the alphabetical listings at the bottom of the second page of the charts. We have been swamped with letters and phone calls that it just isn't readable, and we agree. It has taken us a couple of weeks to come up with an alternative and you will see it in next week's RPM. We only know how many people use our chart when we do something wrong. It would be encouraging to know when we do something right!

Recently we started to check our chart against other charts across Canada and foreign charts and tip sheets, and we find that we are pretty well right on target with our tabulations. A few things have come to light. One is, that records aren't released in Canada until they have been in the U.S. market for some time, but radio stations are already playing and listing them. We also find that small charts (30 and 40 listings) push their listings a great deal. We found out that regardless of popular belief, the Toronto charts aren't actually that much ahead of the national picture (and RPM DOES reflect the national picture) and even in Toronto the charts are pushed. This hurts the record companies but there is little they can do about it. Although we

STAMPEDERS OFF ON TWO WEEK TOUR OF STATES

Canada's popular rock trio The Stampeders head south of the border for two weeks of engagements in various Universities and Colleges throughout West Virginia, Kentucky and Ohio from January 21st to February 7th.

Stampeders manager Mel Shaw reports that the tour was to have been longer but had to be cut short due to the problems of the fuel shortage in the United States. A number of schools have been backing off on their live musical entertainment schedules for this very reason. Some of the institutions who have already booked the Stampeders, have offered to provide the necessary gas for transportation of the band and equipment.

Release of the group's latest album, "From The Fire" and single, "Running Wild" in the U.S., is scheduled to coincide with these concert dates. The Stampeders are signed to Capitol Records for American distribution.

Both the album and the single are doing very well in Canada, with Quality Records, Canadian distributors of Music World Creations, reporting that "From The Fire" is one of their hottest sales items.

A cut from the album, "Me And My Stone" is getting a lot of airplay on CHUM-FM Toronto and CFTR Toronto reports heavy listener response for the cut. They are presently running an edited version of "Me And My Stone".

do check the local record stores in Toronto, the national picture is a much better gauge for our purposes.

Retailers are the best indicators for sales. Very often, what the record company ships is a misleading figure, but we do like to take it into account.

Radio stations and record stores across Canada have given us a good indication of what they want the chart to represent, and there will be further changes to the charts including information that producers and publishers want to see in the listings.

The charts in RPM would appear to be most important to many readers, and even in the case of the Country Playlist and the Pop Music Playlist we have changes coming.

RPM's TENTH ANNIVERSARY FEBRUARY 24th, 1974

On February 24th of this year, RPM will celebrate ten years of publishing — every week (with the exception of postal strikes). Even over some very poor periods (at the beginning) we were always there and we never missed a deadline. No other magazine foreign or domestic can make that statement about their Canadian news. We have always been there and on time. Ten years ago, they said Canada wasn't big enough to support a music and record industry trade paper. The fact that you have this issue in your hand, is proof that someone could do it, and come February 23rd, you will find that you will still have an RPM arrive in the mail. At that time we can say that it has been a pleasure to have served the industry for ten years.

JUNO AWARDS NOMINATIONS TO BE ANNOUNCED SOON

We will soon be announcing the nominees for the Juno Awards and subsequently be mailing the voting ballots that will decide the winners. As you know, the winners WILL NOT BE ANNOUNCED UNTIL THE NIGHT OF THE JUNO AWARDS from the stage of the Centennial Ballroom of the Inn on the Park. When you receive your voting ballot, please fill in the ballot promptly and mail it back to be tabulated. Ballots received after the allowable deadline will not be eligible.

WHO WILL STEAL MY WELL-SCHOOLED DJ?

Jan. 9/74

The Regina market and CJME seems to be the source of all rock jock "steals" by major markets such as Montreal, Vancouver, Edmonton, Calgary, Hamilton and Winnipeg. In the past few months, we've delivered the following jocks to larger markets:

Dave Mitchell	CHAM	Hamilton
Russ Tyson	CJVN	Vancouver
William Beigh Bell	CKGM	Montreal
Gerry Thom	CKXL	Calgary

Therefore, I'm always looking for good prospects in smaller markets, however, the problem is that in no market below Regina are there any stations that program a formatted rock sound; so whenever I hire someone from small markets, it's a "guess" if the jock can fit the format and "make it" in our market and station. So far, we've been very successful. We've been able to keep going up in the BBM . . . highest ever in the fall of '73. Name one other thousand watter in Canada or the United States with over 110,000 weekly circulation.

'Til the industry gets "smart" and comes up with some "talent" source and development plans, I have to steal jocks from small

markets than Regina. But, because the date when the "biggs" steal my guys is not determined in advance, I need a steady flow of tapes from smaller markets: Guys interested in board work and news. (Yes, I've lost newsmen to the "biggs" too).

I plan to get about three to four guys on a regular work schedule with me, doing regular critiques and suggestions to them, so if we have an opening, they'll be more prepared to move to our market.

The additional problem here is that there aren't very many guys that want to pay the price for success in this business. Success, no matter in which way you measure: money or public service.

This is an effort to get some people into the development of broadcast talent, so if you're a smaller-than-Regina market jock or newsmen, send your "shit" and maybe we can get it together for both of us.

TOO MANY ARTISTS CREATE PROBLEMS

Jan. 16/74

I just completed my ballot for the Juno Awards and wanted to congratulate you on the fine job RPM has done in the past year.

There is only one problem, I did not have enough room to vote for people like James Leroy, Alabama, Jack Cornell, April Wine,

Tobias, Fludd, Skylark and the many others who make the Canadian recording industry one of the most exciting in the world.

HERE'S THAT BBM PROBLEM AGAIN

Jan. 17/74

Couldn't help but notice the story on Page 17 of the January 19th issue of RPM "BBM Ratings Show CKFM Holding Fourth Place".

I take strong exception of the story, because it doesn't give the category in which it holds fourth place. The story headline is true for HOURS TUNED. That is the length of time the same people listen, and this is very important.

However, in Total Circulation or the number of different people who listen each week, CFTR is number four, far ahead of CKFM.

lishers). The message inscribed on the plaque was another indication of what Harold meant to so many in the business. Ritchie went on to relate several stories about the "cheap" Harold Moon.

Representing the Federal Government was Mrs. Pat Pearce, who added a Civil Service touch of humour. Arnold Gosewich, president of Capitol/EMI Canada and president of the Canadian Recording Industry Association (CRIA), praised the man who had done so much to build a domestic music business that was highly respected internationally.

A longtime friend, Whitey Hains who also just recently retired from BMI Canada, tossed out a few sly and very witty anecdotes about his business life with Harold Moon.

A very interesting speaker was Betty Layton, who joined BMI Canada with Harold, twenty-six years ago - at a salary of \$18. per week. Betty has been Harold's right hand gal ever since and was able to relate the feelings of all BMI employees on the retirement of their Chief.

Mr. Jim Inch, president of the Broadcast Executives Society (B.E.S.), passed on best wishes from members of that Society and presented Harold with the very coveted GOLD BESSY Award.

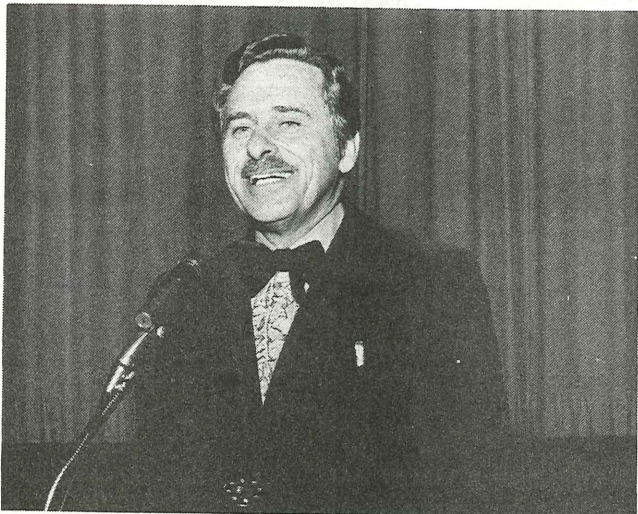

George Taylor, president of Rodeo Records and also a veteran of the Canadian music industry, recounted some of the early days he had spent with Harold Moon and the resulting friendship. Sam Sniderman, an ardent supporter of Canadian talent and one who remembered every year of the twenty-six that Harold had gone through, complimented Harold on his accomplishments and wished him well on his retirement.

Other speakers included: Gordon Henderson, vice president of BMI Canada and legal representative of BMI Canada for the past twenty years; Harry Somers, a BMI Canada affiliate for many years; appointed a companion of the Order of Canada for his contribution to the international acceptance of Canadian music; Don Hartford, CFRB station manager who filled in at the last minute for Jim Allard and wished Harold well on behalf of the Canadian Association of

Broadcasters; Lowell Hicks, Manager of Program Studies for the CBC in Ottawa; Pierre Thibeault, a former Manager of BMI Canada and now a lawyer practicing in Montreal specializing in copyright law. In from Buffalo, New York, was Lou Schriver, owner/manager of WXRL, who presented Harold with a token of appreciation for many years of friendship.

Another surprise for Harold was the arrival of his ninety-year old father William and the elder Moon's wife Ellie.

It was a night also to remember for RPM publisher Walt Grealis. It was ten years ago (RPM celebrates its tenth anniversary Feb 24th of this year) when Harold Moon influenced Grealis to enter into the field of publishing and establish a Canadian trade magazine. Since then Harold Moon and BMI have been constant supporters of RPM. It was also Harold Moon who suggested that RPM concentrate on the Canadian country scene, which brought about Big Country, a very successful country seminar and the beginning of an annual country event. Being as it was Mr. Moon who had establish-

Good equipment for good records

This will be one of many articles based on enlightening you on good quality hardware to give you the sound you pay for. We hope that you will find it informative and yet simple in approach.

SANSUI AU-8500

When you speak of heavy music, Sansui was listening and listening well. Not only

AUDIO-FILE
peter hunter

is the sound heavy but so is the amplifier, nearly 45 lbs.

To begin with, the AU-8500 has a functional appearance with clearly illustrated and well lit controls. This is a chunk of hardware anyone would be truly proud to own & operate.

Massive heat sinks are the main cause of the weight situation. These give the machine the advantage of keeping cool. Keeping cool has two advantages; first the level of performance is constant, even at maximum volume and secondly, heat is one of the major factors in shortening the life of any amplifier.

One can tell not only by appearance but also by the pure tones produced, that this in no way a toy. A high output transformer is the heart of this powerful beast. It develops an output range from 20 to

20,000 Hz, which when coupled to a set of respectable matched speakers, will deliver a pure and almost distortion free sound. The distortion of source material is reduced to less than 0.1%, a very impressive figure.

To me one of the most important assets of this amp is the fact that all circuits are triple-protected. The protection is fairly complex, but it has one great advantage, saving your equipment from damage by overload. The transistors and speakers will both have a much longer life thanks to Sansui. These protective systems are the first in the industry, and we are sure that manufacturers are no longer using planned-obsolescence tactics.

Regardless of what components you hook into this machine you can be sure that it

A&M/MCA ANNOUNCE PRICE INCREASES

A&M has announced price increases for their album product to take effect Jan. 26. This involves the raise of album prices from \$5.98 to \$6.49. All new releases will carry a suggested list of \$6.98.

MCA's Vice-President of Marketing, Richard Bibby, also announces price increases which became effective Jan. 1st, 1974. Included are the C,CS,L,LS, CB 33000 series which carried a suggested list of \$2.49 which will now be \$2.98. The MCA2-10000 (DX 7206) series moves from \$12.98 to \$13.98 with the 66-2000, 73-2000 up from \$10.95 to \$13.95. The 6-2500, 73-2500 series moves from \$11.95 to \$13.95 while the 6-6000, 73,6000 series now lists at \$13.95 from the previous list of \$12.95.

DUBLIN CORPORATION REUNION AT FRIAR'S

A long time ago, when the Dublin Corporation was the Sound Of The Pacific and very popular throughout the British Isles and parts of Europe, and playing in Las Vegas, Peter Law was one of the strong members of the group.

When they came to Canada to become citizens they brought quite a record of achievement with them. In 1963 they topped the old country charts with "She Wears My Ring". In 1965 and 1966 they travelled the Irish and English circuits plus the U.S. Eastern Seaboard and Las Vegas.

In 1968 Peter Law joined the group, though prior to this he was known throughout France, Belgium and Luxembourg as a recording artist.

Last year Law left the band and decided to do a solo act, but has now rejoined his friends making their upcoming engagement opening February 4th, at Toronto's Friar's club a kind of reunion celebration.

The rest of the band consists of Sean Fagan (lead singer and trumpet); Paddy Reynolds (reeds); Martin Fanning, Seamus Curran, Harold Parker, Thomas Bourke, Dermott Woodfull and Mike Nolan.

will only enhance the final product-sound.

THORENS TD-125 AB Mark II Turntable

This turntable was designed with two functions in mind. The major function is to give you the best sound possible, and the second was the protection of your valued records. The balanced tonearm is mounted on polished ball bearings to give a steady balance regardless of the condition of your record.

The anti-skate control will keep the tracking error to less than 0.2% and saves wear on the grooves of your records.

The drive system is of interest. It is governed by an oscillator to keep the speed exactly where you want it. It also has a 16 pole synchronous motor with instant start and high torque.

A built-in stroboscope lets you adjust and monitor speeds by 2%. The balance of its features are similar to the Dual 1219 and will give more than satisfactory performance.

Turntables like this are a must for anyone who really cares about quality sound and the protection of pre-recorded material.

MARATHON NOTES ACTION ON NEW HARRY HIBBS DECK

Harry Hibbs' first deck under the Marathon banner, "All Kinds Of Everything" is enjoying tremendous air-action in Hibbs' home province. First released in Newfoundland to coincide with a recent tour of the Maritimes, the single has now been released throughout the country, with CFGM, Toronto the first to pick it up in the Ontario region.

"All Kinds Of Everything" has established itself among the top 5 in radio stations across Newfoundland, with the song representing a departure from Hibbs' usual down-home style of music. The lilting and melodic ballad should move Hibbs up front and centre in the national country scene.

SAMMY DAVIS JR/BONGO ROCK ATTAIN CANADIAN GOLD AWARDS

Sammy Davis Jr.'s MGM single "Candy Man" (14320), a composition that came about through Michael Viner, has been certified for Canadian Gold (RPM Gold Leaf Award).

The single first entered the RPM 100 Singles Chart in April of 1972 and made strong moves up the chart, reaching the no. 2 position eight weeks later (June 17/72).

This was one of the biggest selling singles in the MGM catalogue for the year 1972.

Also from the Viner camp comes a certification for a Gold Leaf Award for "Bongo Rock" (MGM 14588) which entered the RPM Singles Chart June 16/73. This group of pickup musicians were from Vancouver with the production taking place at Can-Base Studios.

Distribution for both above singles in Canada was by Polydor Records.

STUDIO ACTION: TORONTO SOUND

The Toronto Sound Studio facilities have recently been augmented by the addition of a new 24 input Neve console.

The studio reports the usual jingle work with various production houses, while on the record side Greg Hambleton has been producing sessions with Jay Telfer just recently signed to the Axe label. Also for Axe is the new Thundermug album just completed.

Brut recording artist Brooke Benton was in Toronto recently and was in the studio recording a few tracks for a new album and single.

Basic tracks for CBC's "Music Machine" series have been done at Toronto Sound and Terry Brown reports that a couple of organizations have time booked to record movie scores.

Work begins in February with Victor Davies and his Rock Opera based on the medieval epic poem "Beowulf".

Columbia Recording artist Dave Nicol is in the studios recording sides that will probably develop into his second album.

Rock bands Klaatu (GRT) and Steel River were both in the studios preparing upcoming single releases and Halifax-based Soma cut several sides with Peter Christakos for Scorpio Productions.

A&M STEPS UP PROMO ON HUD

Lorence Hud's single release "Guilty Of Rock & Roll (If Music Was Against The Law)" is showing signs of "catching". The A&M deck, penned by Neil Goldberg and produced in Nashville by Norbert Putnam, is a giant challenge for the young Canadian talent and his label. The single does not qualify as Canadian content but, because they believed they had a piece of product that could break internationally without the CRTC crutch they put an all-out effort into breaking the single in Canada first. The first few weeks of release was disappointing and it looked like Hud had lost, but A&M's national promo chief, Doug Chappell, increased his promotion campaign and has received word that major and breakout market programmers are reconsidering the deck, including Nevin Grant at CKOC Hamilton and Jerry Stevens at CJBK in London.

The Hud single has also presented a unique situation with A&M Canada. They find they are in a race with their U.S. counterparts to break the single. The A&M U.S. group of promo people also believe in the single and have increased their promotion and hope to break into several major markets within the next few weeks.

CIN-A-ROCK SETS TORONTO DATES

Hart-Hill Productions have set Feb. 14 through the 21st at the Yonge Theatre in Toronto for an experimental run of a new concept of a rock film with "live" groups on stage. The production is being put together by Ian Ross, formerly of CITY-TV and provides the film feature "Free" starring Jimi Hendrix, Mountain, Van Morrison Stephenwolf and Dr. John. Star billing for the "live" action goes to A&M's Ozark Mountain Daredevils currently receiving heavy airplay via CHUM-FM on their new album release under title of their name. Sharing the stage will be Canadian group, Bearfoot, currently seeing action with their Columbia deck, "Molly", culled from their recently released album.

There will be seventeen shows in all — evening performances at 6PM and 10PM and one matinee. Ticket prices will be \$4.40 flat. It's expected that the Toronto-based Hart-Hill will present similar productions at theatres throughout Ontario.

WINSTON JAMES RECEIVES PROMO PUSH FROM HUNT

The Murray Hunt Talent Agency, a St. Catharines, Ontario based booking agency, has thrown a hefty push behind the Marathon release of "Pardon Me" by Winston James. The single, a Winston James original, has picked up chart and playlistings at several major country stations across the country, and prompted an album release by Marathon.

A native of Sherbrooke, Quebec, James has mastered both the guitar and fiddle and was much in demand in his early youth to play at square dances and private parties. He also toured with a group through New York state. He has gathered a sizeable number of supporters through his appearances on television in Canada and the U.S. He has many friends in the U.S. having appeared on several shows during the Nashville Country Music Convention in 1969 and just last year on the Wheeling Jamboree.

SINGING NEWFOUNDLANDER ENGAGED TO BE MARRIED

Michael T. Wall, The Singing Newfoundlander, has become engaged to be married to Sandra Dianne Roxborough of Scarborough, Ontario. No date for the ceremony available at press time.

Wall has been active over the past few years promoting the Island of Newfoundland (for which he received a Newfoundland

Michael T. Wall and his fiancée Sandra Roxborough.

Government Award) as well as himself. So successful has been his concerts at Ontario penal institutions that the inmates of Warkworth Penitentiary in Campbellford presented Wall with his own prison number. He can now be contacted at the prison by writing to No. 12163829688.

Now that Wall and his K-Ark days have come to a close, he is set for an album release through the highly respected George Taylor and his Rodeo Records. While Wall was taping the session with producer Dougie Trineer, power in Montreal was suddenly cut off, which automatically cut off the heating to the building as well. Rather than lose any time, Wall and his friends donned overcoats, blankets and whatever was handy, to keep out the cold and completed the session. Says George Taylor, "The Newfoundland Ambassador should sell over 100,000 copies of his souvenir album". The title song, "The Singing Newfoundlander" was written by Ben Kerr, one of the most aggressive of country performers/writers and promoters.

SOLLEVELD APPOINTED TO CHAPPELL'S INTN'L DEPT.

Ron Solleveld has been appointed assistant to Mr. Harry Auerhaan, head of Chappell Music's International Department in New York City. He will also act as International Manager of the Intersong U.S. and Belinda Music catalogues for the U.S. As well he will be responsible for co-ordinating the flow of foreign material into and around the U.S. and Canada, while simultaneously channelling domestic product abroad.

Mr. Solleveld is a native of Holland. He received his B.A. and an M.B.A. in Business Administration from Kent University in the U.S. He has had previous international experiences while working for Les Editions Musicales Tutti in Paris.

SUCCESSFUL EASTERN TOUR FOR ABRAHAM'S CHILDREN

United Artists recording group, Abraham's Children have just completed an extensive tour of the Maritime Provinces where they performed in seventeen centres, including Halifax, Moncton, Fredericton, Woodstock and Campbellton.

With their current single "Goddess of Nature" creating quite a stir across the nation, the Children are rapidly becoming one of the most sought after bands in the country and their live performances are packing houses wherever they play.

The tour was nothing short of triumphant, complete with accolades from music critics and an overwhelming vote of confidence from every audience. One of the results of these personal appearances has been a significant upsurge of single sales in Eastern Canada.

After a short resting up period, Abraham's Children will again be busy, this time in the studio with producer Paul Gross, working on a new single and material for an upcoming album.

CAVE CLOSED BY BUILDING INSPECTORS

Vancouver's Cave Theatre-Restaurant has been closed down by Vancouver City building inspectors. The nightspot, usually considered a prestige engagement, will not be re-opened for several months, according to spokesmen. Repairs to the roof of the structure, currently adorned with pseudo-stalactites and expansion of washroom facilities will keep the spot off the west coast entertainment circuit until the beginning of April. According to the new owners of the nitery, no serious disruption of bookings has occurred.

QUALITY SIGNS QUEBEC'S HARMONIUM TO CELEBRATION

Quality Records was pleased to announce the signing of a new Celebration attraction, le groupe Quebecois, Harmonium, which is composed of: Serge Fiori (12 string acoustic guitar, flute, vocals), Michel Normandeau (6 string acoustic guitar, harmonica, vocals) and Louis Valois (electric piano, bass, vocals).

The group has been touring Colleges and Universities in Quebec and has been performing in concert on many radio stations in Montreal. To date they have performed on CKVL-FM, CKLM and CHOM-FM and it was a tape of one of these performances that brought the group to the attention of Quality.

Upcoming performances for Harmonium include: Laval University, Quebec City (February 21) and the University of Quebec, Montreal (March 8-9).

Harmonium's premier album, produced by Quality A&R Director Bob Morten, is planned for release in mid February and promises to span all radio formats. The group records primarily in French, but plans are underway for an English language release.

SANTA CONTEST SHOWS NATIONAL INTEREST FOR WEA CANADA

Larry Green, National Promotion Manager for WEA Music, reports coast to coast interest in the company's "Santa" contest. Green has been laying on clues as to who the WEA Santa is and has received some pretty far out guesses.

Clue No. 7 reads: "Roses are red, violets are bluish. His first name is Martin and it's not Melhuish". Winner takes home five albums of his or her choice. The contest has created so much interest that Green hopes to introduce similar type contests over the next few months.

DRAM SIGNS SOUTHCOTE/ TOUR FOR COPPER PENNY

The Dram Agency of Waterloo, Ontario has announced that as of January 1st, this year, they have become the exclusive agents for Smile Recording Artists Southcote.

Southcote's present single "She" is receiving extensive airplay right across the nation and reaction to the band's performances has been very good.

At present an east coast tour is being set up to coincide with record activity in the area.

Another Dram act, Copper Penny, who record for Sweet Plum Records, are preparing to leave on their second Maritime tour at the end of January. Dates confirmed at writing are as follows: Annapolis, Nova Scotia (January 31); Halifax (February 1 & 2); Truro (6); Shediac, New Brunswick (7); Dartmouth, Nova Scotia (8); Rothsay, New Brunswick (9); Antigonish, Nova Scotia (13); Metegan River (15) and Lunenburg (16).

This tour was co-ordinated by Brian Daly of Dram and Skip York of Entertainment Contacts in Halifax.

MORE CANADIAN GOLD FOR HELEN REDDY

Capitol recording artist Helen Reddy is in line for another RPM Gold Leaf Award.

Her newest album release, "Long Hard Climb" (SMAS 11213) has been certified by Capitol (Canada) as having acquired "Outstanding Sales".

The album first entered the RPM 100 Albums Chart Sept. 1st of last year and has remained in the top end of the chart to this date where it climbs back up the chart indicating a new lease on life.

Miss Reddy received a Gold Leaf Award for her "Delta Dawn" deck which certified for Canadian Gold in September of last year, after having topped the RPM 100 Singles Chart Sept. 15/73 holding the No. 1 position for three weeks.

Miss Reddy's latest release "Leave Me Alone (Ruby Red Dress)" has also had a successful run up the charts.

New Albums

SHANANA - Golden Age of Rock 'N' Roll Kama Sutra KSBS 2073-2-M

Not too much can be said that hasn't already been laid down in print - yet this group deserves to be applauded for their work. Lots and lots of good old rock and roll, would describe this two-record set perfectly. It's an audio-visual trip down memory lane. If you have never seen them, the album jacket will give you a very accurate physical description. They start with an early Bill Haley release "Rock Around The Clock" a favourite of the fifties. Other cuts worthy of honourable mention are: "Chantilly Lace", "Shake, Rattle & Roll" and, of course, "At The Hop". The group has kept auditorium and concert halls packed to capacity wherever they go. By listening to set you can certainly tell why.

BACHMAN-TURNER OVERDRIVE II - Mercury SRM-1-696-Q
Featuring very heavy rock, this set is a bit of a change from their first album, and in particular their single, "Blue Collar". High powered lengthy guitar instrumental breaks by Tim and Randy Bachman seem to dominate much of "Blown" and "Welcome Home" on the No. 1 side of album. Rock fans should be pleased with the concert format, rather than that of easy listening. This album is not meant to be played softly by any means. Side two opens with "Give It Time" in which Rob Bachman and his drums get an equally strong showing to that of his brothers. "Takin' Care of Business" gives a slight change to the product with the introduction of a piano, played honky-tonk style by Norman Durkee.

HENRY GROSS - A&M SP-4416-W

A background with the popular group Shanana gives Gross an obvious talent for variety. He comes up with a very interesting album doing the lead vocals and backing himself with fine acoustic and electric guitar work. A very talented musician/performer/writer. The album contains all Gross originals. Side one gives us "Simone" and "Ever Lovin' Days", both in the style of a modern love ballad. "Meet Me On The Corner" shows the old style of rock and roll updated with the use of the Arp Synthesizer. Side two features two excellent cuts, "Skin King" and "Sweet Sasifras", showing off a different side of Gross - kinda like blue-rock with a powerful message.

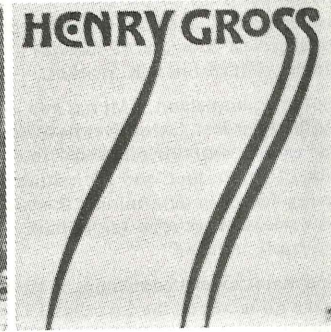

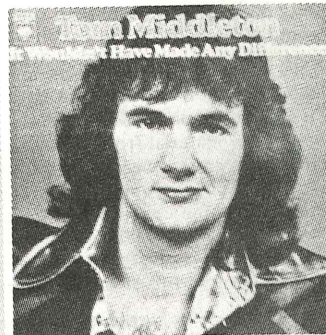

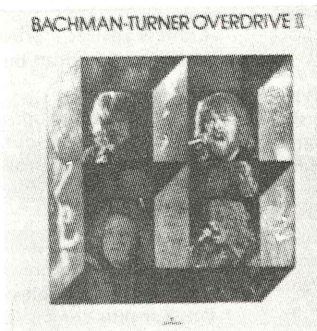

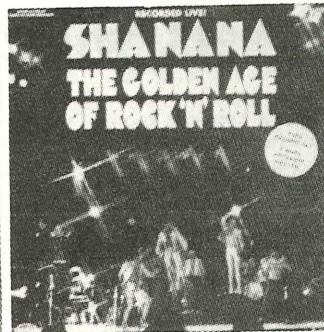

TOM MIDDLETON - It Wouldn't Have Made Any Difference Columbia ES 90261-H

Middleton is now on a highly organized and successful tour of Canada which should add a great deal of impact to this album. The title song was released as a single in May of last year and had a good run up the charts. Ironically now, a dead issue in Canada, the single has broken in the U.S. - through CKLW Windsor, and is showing indications of being a giant across the U.S. nation. His follow-up, "One More Chance" included on this set, is showing signs of capturing good sales and chart positions. Middleton's progressive handling of folk-rock makes this a very interesting showcase of Canadian talent. Give a listen to "Help Us" and a change-of-pace item, "Lovelight Suite". A refreshing and polished talent produced at Can-Base studios (Vancouver) by Mike Flicker.

TEEN ANGEL & THE ROCKIN' REBELS

12 Inches Of Teen Angel - Hellroaring Records HRS 402

A follow-up to their "Teen Angel Lives" which sold 7000 units in Alberta and British Columbia. The chosen material follows that

of Shanana with one very notable exception - that of a female vocalist. Rock revival is their stock in trade, supplying us with plenty of high pitched piano breaks, drums and strong finishes. A little bit of memory grabbing with "Rip It Up", "Staggerlee", and "Rock and Roll Music. Side two is interesting with "At The Hop", followed by the female vocal version of "Sad Movies. Don't know how available this will be to eastern Canada - but it should. Produced at Vancouver's Can-Base Studios by Rolf Hennemann.

BLOODROCK - Whirlwind Tongues - Capitol/EMI SMAS-11259-F

Always a favourite no matter who performs it, "Eleanor Rigby" by Bloodrock is almost a classic. This is perhaps one of the most powerful quintets on the international wax scene. They are rock and roll and more rock and roll. What they have to offer here is a package of "up entertainment". A little bit of boogie with "Sunday Song", an exceptional showcase number in "Parallax" and the title song which really tells it like it is for Bloodrock.

LONDON

Now, as everyone knows, I've never been one to raise false alarms about anything. I've always felt that what matters is telling it like it is. The inherent problem in such an approach is that it's bound to raise a few eyebrows in stuffed shorts — the truth, my dear Watson, is sure to hurt.

An unwieldy start, perhaps, but then a rather unwieldy subject... the state of the music industry in early 1974. This time around I'm going to deal with the British record industry.

If it's tough in America, let me assure you that in Britain it is chaos, and not only for the Pommy record-makers. The acute shortages of raw material from which to manufacture records has been compounded by a full hand of other mini-disasters: the energy crisis, the coal miners' strike, the three-day working week and continuing power cuts. In short, Britain's music boom has entered a period of rather intense gloom.

Take EMI (and its subsidiary Capitol Records) which the pundits here claim will be the worst hit by the squeeze. EMI sells one in every five of the western world's total record sales, and it controls about 20-per cent of the U.K. market.

But in its homeland, EMI has had difficulty fulfilling orders. Executives have been instructed to use "extreme diligence" in distribution of all product, and promotion mailings (a key factor in determining the success of new releases) are reported to have been "savagely reduced".

The major record companies, EMI included, make no secret of the fact that 1974 will not see the introduction of many new faces (or voices). Normally in January, EMI would release about two dozen new singles — this month will make the issuing

of no more than seven new singles.

EMI claims it captured an additional three-per cent of the British market in 1973. Yet today the company's shares are being traded at 124 p., down from 290 p., a tumble of more than 40 per cent. But, the Daily

**NUMBER ONE
WITH A BULLET**
ritchie yorke

Express advises, "prospects are good and now then American buying pushes up the share price."

Others are not so optimistic, predicting that all existing resources will be devoted to merchandising proven, established artists — in other words, if you ain't on the charts now, forget it.

"All the record companies will have no margins this year for breaking in new acts," says Steve Gottlieb, chairman of Polygram, the Polydor-plus conglomerate.

But by using reserve oil and raw materials, along with standby generators, Decca, Britain's second largest records group, has been able to maintain its production output. Decca does not plan to cut back on its new releases schedule, since director William Townsley shrewdly notes: "You don't know if a record is a seller until you release it."

Polydor has taken the opposite approach. Managing director John Fruin admitted that he plans to put all of his available capacity behind 20 per cent of the existing catalog, the proven winners. Decca also does not deny that some pruning of its huge 18,000 title catalog may take place.

What seems to bother most people here is that there may be a recession in 1974 record sales — which ironically would follow two unprecedented sales years. 1973 figures are expected to top £72-million, as compared with the previous record-breaking year when £49-million worth of records were sold. 1973 represented an incredible increase of over 47 per cent; not even the most optimistic expect anything like that in '74.

For 1973, Polydor reported a sales increase of "at least 50 per cent"; Pye says they experienced a 65 per cent boost.

British record companies are not, I don't believe, about to go broke. But there is considerable tightening-of-the-belt going on at most companies — not so much because of likely losses but through the questionable desire to maintain sales growth at the astounding levels of the past two years.

All this talk of depression notwithstanding, I doubt that 1974 is going to be a bad year for the record industry. Sales certainly won't show the jumps of the past couple of years but I don't think there'll be any fall off.

There is a huge market out there for recorded music and even in hard times, I can't imagine rock enthusiasts cutting back on their purchases. It's rather much the other way around. The worse things get, the more people

will turn to music for escape and relief. After all, rock music has been the only escape for two full generations and as Domsday looms larger, I strongly suspect the individual will withdraw into himself. The music helps you do that, if you understand it.

The reduction in development of new talent is going to hurt the concert scene for several years. This industry exists on the constant flow of new headliners. Without them, things could be grim. Some potentially first-rate but still unknown bands will break up in desperation. Others will smoke and snort more, and not give a damn. As Ronnie Hawkins has frequently observed: musicians will be happy as long as there's plenty of pot, pills and pussy.

If the record industry was really perceptive, it would use the current dilemmas as an excuse to apply mercy-kill to the single 45 rpm medium.

But I doubt if the industry is capable of that sort of vision.

More likely the present woes will merely serve as a handy reason to cut back on risk-taking. Listen and see.

MURPHY - SPROUT - ALABAMA SCHEDULED FOR EL MOCAMBO

Toronto's El Mocambo continues with their policy of bringing in rising young contemporary rock groups from both Canada and the U.S. and apparently with much success.

Set for the upstairs club Jan. 21 through 26 is J.F. Murphy & Salt, a Columbia recording unit now under an album release. The downstairs club for the same dates plus another week (Jan. 21 to Feb. 2) will feature Brussel Sprout, a former Detroit group now living in Jordan, Ontario. This group created quite an impression with delegates at the recent Canadian Entertainment Conference in Kitchener. They have taped a master but have not yet entered into final negotiations for a record release.

Upstairs for the Jan. 28 through Feb. 2 date will be Country Gazette, a United Artists recording group.

A&M's Fairport Convention have been firmed for the week of Feb. 4-9 with Rhythm Rockets doing it downstairs Feb. 4-16. Michael Quatro Jam Band are upstairs Feb. 11-16 followed by Bond (18-23). The Star Spangled Washboard Band are downstairs for the same date.

Proctor & Bergman (The Firesign Theatre), a Columbia recording unit will play the upstairs club for three days in February (25-26-27) while Smile's Alabama hold forth downstairs Feb. 25 to Mar. 2.

Bo Diddley and Lick 'n' Stick return to the upstairs club Mar. 4-9. GRT are expected to lay on a heavy promotion prior to this date. Houndog Taylor makes it upstairs from April 15 through the 20th.

HEAR MARSHALL McLUHAN AT C8

Marshall McLuhan, the internationally acclaimed communications philosopher will be a guest speaker at RPM's Communication Eight (C8) meet in Toronto which is set for March 23rd. 1974.

Known for his many books on the media. He is also a professor, prophet, lecturer and consultant. He is presently the Director of the Centre for Culture and Technology at the University of Toronto.

McLuhan is available for a very limited number of public lectures each year, but has consented to speak to the broadcasters, programmers and record people attending the Saturday meeting at the Inn on the Park.

COMMUNICATION EIGHT

Two other speakers, to be announced at a later date, will lecture during the meet and announcements will be made soon regarding further events to take place.

Communication Eight will be a two day event with speakers Saturday morning followed by a forum on the music and broadcasting industry in the afternoon. RPM will host a cocktail party for the registrants that same evening. This will allow topics of the day to be discussed informally.

Sunday, record companies are planning hospitality rooms throughout the Inn, making presentations and presenting a unique opportunity for registrants to meet their staff and artists.

Western Canada gets ready for Watts

This week, over two hundred letters went out to broadcast and music industry people throughout western Canada. This was the formal beginning of RPM Weekly's assault on the minds and hearts of the west.

For many years RPM has cherished the idea of establishing regional representation in

RPM WEST
john watts

areas of the country distant from the traditional thought and money capitals, Toronto and Montreal. With the establishment of RPM West in Vancouver, this dream is well on the way to becoming reality.

RPM West will attempt to establish effective east-west communications in our two allied industries. RPM West will serve to transmit the ideas and opinions of western Canadians

COLUMBIA ACTS READYING DATES

The latter part of January sees a full roster of activity by Columbia artists including J.F. Murphy & Salt - in for one week (21-26) at the El Mocambo in Toronto. Their latest album release, "The Last Illusion" (KC32539) will be the subject of a promotion push by Ontario branch manager Eddie Colero and regional promo rep, Terry McGee.

Dave Nicol is also set for that same week at McKenzie's Corner House in Toronto. The label is still experiencing sales from his initial album release, "Goodbye Momma" from which was culled his first single under the same title and his follow-up deck, "Tonight". He is currently setting down an album session at Toronto Sound with Jimmy Eaves producing.

Miles Davis to Canada for two dates. Massey Hall in Toronto has been firmed for Jan 27 and Montreal's Place des Arts for the 28th.

John Hammond Jr. ends up the month for the Columbia group of artists with a one-nighter at the Ryerson Theatre in Toronto.

Kicking off February is Vikki Carr with star billing at the O'Keefe (4-9). Her current album, "Live At The Greek Theatre" has been well received at "pop" stations throughout Canada and in particular the Toronto area.

Soft Machine have three dates in Canada. Their first is at the Union Hall in Quebec City (14), followed by the Tieux Montreal College (15) and finally into Toronto's Victory Theatre (16).

Proctor & Bergman, formerly of the Fire-sign Theatre and on album release with "TV or not TV", are headed for Toronto's El Mocambo from Feb 26 through the 28th.

The New Riders of The Purple Sage make their first trip into Eastern Canada (April 18) for a date at Convocation Hall at the University of Toronto. Their most recent album release, "The Adventures of Panama Red", should be making good headway on the charts by their April date.

as well as their day to day hard news.

In a great many areas of Canadian life, geography plays a significant role. The vast expanses of the prairies and the great barrier put up by the Rocky Mountains serve to isolate whole areas of the country not only in material things, but in thought. An example is the current flow of ideas and expression between British Columbia's west coast and the west coast of the United States. Our aim is not to replace that flow with an east-west one, but to complement it.

We will be working full time in Vancouver to get the information and ideas from the western provinces and to get them presented to the country as a whole, but it is not an easy task. The distances are great and we need the co-operation of everyone in the country.

Toronto and Montreal-based record companies can help by authorizing their branches and representatives in the western provinces to supply information directly to RPM West, thus allowing news of the west to be presented from a western perspective. Independent businessmen can help by taking the time to put their ideas and news down in writing on a regular basis. A thought or a specific piece of news is valueless unless it

PAUL McCLURE—NEW SALES MANAGER FOR PICKWICK

John Leatham, Vice-President and General Manager of Pickwick Records of Canada Ltd., has announced the appointment of Paul McClure as National Sales Manager.

Mr. McClure brings to Pickwick several years of retail merchandising experience and most recently was associated with one of the largest rack jobbers in Canada.

His new duties will include the setting up of major merchandising campaigns for Pickwick products through rack jobbers and dealers on both television and radio. He will also work on the introduction of new lines that will be available later this year.

NEW ALBUM AND ONTARIO CONCERT DATES FOR BTO

The Bachman-Turner Overdrive have been generating a good deal of excitement south of the border lately, both with their live performances and with their second album, "Bachman-Turner Overdrive II" for Mercury Records.

Polydor Ltd., Canadian distributors of Mercury product, will be undertaking a major promo effort in support of the album and the group when they come to the southern Ontario region for a series of dates commencing February 13th in Toronto and continuing through Waterloo (13), Toronto (14 & 15), Ottawa (16), Windsor (17), Niagara Falls (19), London (22) and Toronto (23).

The album is currently being rush released by Polydor prior to the tour.

is shared.

In coming months, I hope to travel through the western provinces, meeting the people who are now only signatures at the bottom of a letter or a voice on the telephone. While face-to-face discussion is made difficult by the geographical realities of the country, we can and will overcome them by effective two-way communication.

Within a very short time, granted the full co-operation of the people of the western Canadian music and broadcast industries, this area of the country will, for the first time, be fully represented at the national level. Help us make that happen.

TWO MORE VERSIONS OF SINCLAIR COMMENTARY

"The Americans (A Canadian's Opinion)", Gordon Sinclair's controversial commentary first written for his daily feature on CFRB last summer is creating quite a stir.

There are no less than five recorded versions of the editorial. There is Sinclair's own version on the Avco label, CKLW News Director Byron MacGregor has one and the late Tex Ritter gave it a country twist for Capitol. What is noteworthy about the Ritter deck is that it was the last recording made by the country great before he passed away.

Since the release of those versions, two more have been added by Oscar Brand and Robert Marshall, who has included the commentary in an album of patriotic readings.

CFRB sent a transcript and recording to the BBC in England where Sinclair's words were beamed to Britons on a radio program called Weekend Review.

MIDDLETON'S "DIFFERENCE" BREAKING ACROSS THE U.S.

With a little help from CKLW's Rosalie Trombley, Tom Middleton could just happen across the U.S. His initial single release for Columbia, "It Wouldn't Have Made Any Difference", which has been up — and down the Canadian charts, is now showing indications of getting a foothold in America's No. 1 market. Ten thousand copies have already been sold in Detroit and Columbia's U.S. national promo team are now getting into gear for a national push.

The Todd Rundgren penning was first released in Canada in May of last year, breaking in Vancouver through CKLG's Roy Hennessy. In the meantime, the Canadian market is now concentrating on Middleton's follow-up single, "One More Chance", now breaking nicely across the country. Middleton is giving a giant promo boost to this single through his Western Canadian tour arranged through International Promotion Consultants and in conjunction with A&W.

McLAUCHLAN TOPS COUNTRY LISTING

Murray McLauchlan's "Farmer Song" was almost an accident, and it probably wouldn't have happened had Canada's country programmers not flipped the True North Single which had "Lose We" tagged as the "A" side. One of the first country stations to air the country side of McLauchlan was CFAC in Calgary. As it turned out "Farmer Song" topped the list of the station's Top Ten for 1973, followed by Charlie Rich's "Behind Closed Doors". The single went on to become a national hit in Canada and became a heavy chart and sales item in the U.S.

Other Canadians looking good on CFAC's Top Ten were: Anne Murray with "Danny's Song" in at No. 3; "Happy Wedding Day" by Merv Smith at No. 5 and Lee Roy with a double sided hit "Sweetest Thing" and "Blued Eyed Girl" at No. 7.

FRANCK Sonata for Violin and Piano
SZYMANOWSKI Mythes for Violin and Piano
 Wanda Wilkomirska - violin
 Antonio Barbosa - piano
CONNOISEUR SOCIETY CSQ 2050

Two very great works for Violin and Piano, both written around the turn of the century and presented in magnificent performances by Wanda Wilkomirska and Antonio Barbosa. The Cesar Franck Sonata was written in 1886 for the famous

RPM CLASSICAL ALBUMS
lawson cook

Belgian violinist Ysaye and has become one of the most popular works in the Violin and Piano repertoire. The Szymanowski Mythes Op. 30 is a set of three pieces. The first, La Fontaine d'Arethuse is frequently performed by itself. The second is titled Narcisse and the group ends with Dryades et Pan. The writing in all three works is luxurious and exotic and the performances are truly outstanding. The recording which is Quadraphonic faithfully mirrors every nuance and colour. An exciting disc in every way, it is available through Almada Corporation.

PROKOFIEV Piano Concerto No. 2 in G minor Op. 16
 Piano Concerto No. 3 in C major Op. 26

JORGE BOLET — Pianist
 Nuremburg Symphony Orchestra conducted by Ainslee Cox
GENESIS GS 1021

A generous coupling of Prokofiev's second and third Piano Concerti, the most popular of the five he produced. No. 2 is a long, four movement work lasting over half an hour and the recording engineers have been successful in presenting it complete on one side. Jorge Bolet has built an enviable reputation as a brilliant Liszt exponent and his effortless, sure fingered technique makes light of the formidable difficulties which abound in both works. The backing by the Nuremburg Symphony Orchestra conducted by Ainslee Cox is adequate. The recording level is extraordinarily low but the surfaces are fortunately quiet. The disc is available in Canada through Almada Corporation.

PUCCINI La Boheme (complete opera)
 Metropolitan Opera Association production conducted by Giuseppe Antonicelli
ODYSSEY Y2 32364 (two discs)

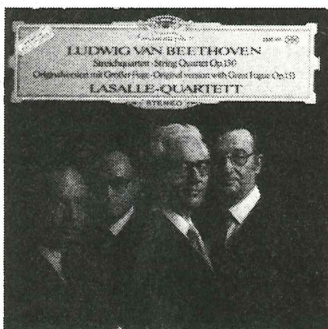

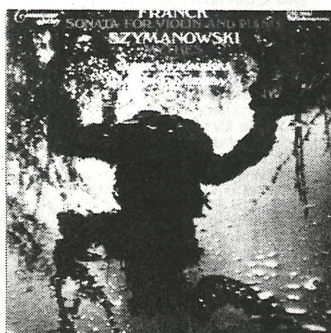

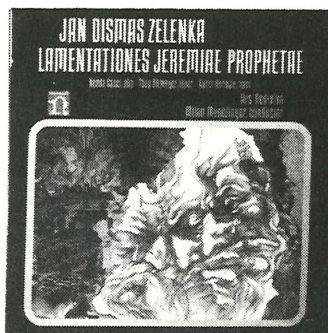

This Met production was recorded in the late 1940's and is one of several complete operas which Columbia plans to re-issue on their Odyssey series of Legendary Performances. The cast here includes Bidu Sayao, Richard Tucker, Salvatore Baccaloni, Mimi Benzell, Francesco Valentini and George Cehanovsky. The recorded sound, fortunately, left in its original mono, is remarkably full and rich. A copy of the G. Schirmer libretto is enclosed and the packaging is most attractive. An excellent, highly successful re-issue which will hold nostalgic memories for many people.

JAN DISMAS ZELENKA Lamentationes Jeremiae Prophetae
 Ars Rediviva conducted by Milan Munclinger
NONESUCH H-71282

WEA distributors offer this latest release on their superb budget line, Nonesuch. This performance was originally recorded by Supraphon in Prague and features music by the Baroque Czech composer Jan Dismas Zelenka. His Lamentationes Jeremiae Prophetae is in six sections, four of which are recorded here. Soloists include Nedda Casei, alto, Theo Altmeyer, tenor, and Karel Berman, bass. The performance is devoted and expressive and the recording is faultless. A complete translation of the text is provided.

FESTIVAL OF HITS — RAVEL
DGG 2538 296

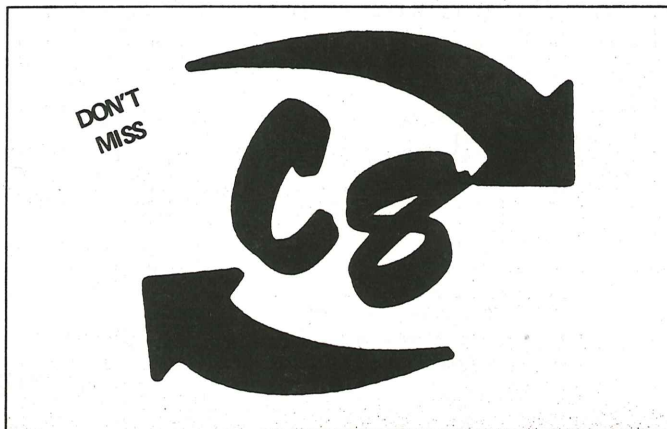

Here is a really fine introduction to the music of Maurice Ravel. In fact it is rare to find a record of "hits" produced in such a well chosen and praiseworthy manner. The popular Bolero is presented complete in a fine performance by Arthur Fiedler and the Boston Pops, and the Daphnis et Chloe Suite No. 2 is brought off with style and brilliance by Claudio Abbado and the Boston Symphony Orchestra. Harpist Nicanor Zabaleta offers a complete version of the Introduction and Allegro for Harp, Flute, Clarinet and String Quartet, while Martha Argerich and Fudolf Firkusny are heard in Jeux d'eau and Alborada del gracioso. Highly enjoyable.

BEETHOVEN String Quartet Op. 30
 (Original version with Great Fugue Op. 133)

Lasalle Quartet
DGG 2530 351

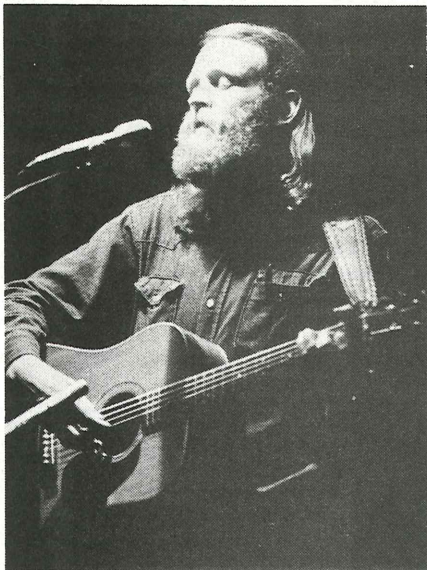

This is a most unusual recording. Beethoven originally composed the String Quartet in Bb major Op. 130 with the gigantic Grosse Fugue as its final movement. Protests from performers, listeners and publishers over the extreme difficulty of the final movement prompted him to write an easier finale for the Quartet and publish the original finale as the Grosse Fugue in Bb major Op. 133. This recording gives us an opportunity to hear the work as Beethoven originally planned it. Unfortunately, the thick, clumsy, uninspired playing of the La Salle Quartet will not prompt repeated hearings for this listener.

HAIDA'S VALDY PULLS EXCELLENT NOTICES

It was just another successful concert for the British Columbia dirt farmer, Valdy, and it all happened at the ADDS Auditorium in Port Alberni, B.C. The Juno Award (Outstanding Performance Of The Year — 1972) winning Valdy, packed the house and drew excellent notices from the Times' Kathryn Hazel and Gerry Massop of Canadian Sounds.

Critic Hazel discovered that Valdy "sings of peace and love, the joys of the country versus

Valdy in concert at Port Alberni, B.C.

the despair of the city, all in a very quiet, restrained manner. Massop found "a tall hirsute lonely and sad looking soul standing under dimlit stage-lights, that change intensity with every mood of his songs, strongly complimenting the message brought forth by six strings and a soft and gentle voice."

Valdy's concerts are just that -- Valdy. He explains to his audiences that "each audience has its own individuality, therefore my concerts are played by ear." He has no set program, no front or sidemen, and no backup group. Noted Massop: "A Valdy concert is not just an evening out — it's an experience. His songs are drawn from the soil and his word from the heart, telling you he's lived enough to make you believe it."

Valdy's second album for Haida, "Landscapes", was produced by Claire Lawrence, former member of Chilliwack. Besides the instrumental talent of Lawrence, the album features top sidemen including Ron Tutt, Max Bennett and John Guerin. Backup vocals on the set are supplied by Clydi King, Sherly Matthews and Mary McCall. "Simple Life" was culled from the album for a single release.

SUB-DISTRIBUTOR CONSIDERED IN COLUMBIA PRICE INCREASE

Much discussion over the fate of single product has prompted record companies to take a definite stand in the preservation of the single as a strong sales item. Columbia, this week, has announced a price increase of their singles to a suggested list of \$1.29, effective Jan. 25/74.

The increase of prices for singles has been well thought out, showing much concern for the profit factor of the sub-distributor. Manufacturers can now recoup some of the increased material costs (vinyl etc.) giving them more of an edge to work closer with sub-distributors and retailers on discounts. Rackers will not take a chance on ordering a single that is not charted and they hesitate in ordering product on a No. 1 item because they know the life of the single is limited and they would rather be out of stock than be left with product that is not returnable.

Columbia has taken this into consideration and as Jack Robertson, Executive Vice-President, explains: "We feel it's important to retain a sensible record return privilege because the risk with singles and the possibility of a short life on the charts frequently makes one stop and sub-distributors hesitate and in view of their risk the absence of a return privilege, despite an extra discount or a freebee program is the biggest single cause of hesitation to the purchaser."

Columbia has also announced the increase of their budget line. All Harmony product will now carry a suggested list of \$3.49. Price increases of other record product is imminent with a possible announcement from Columbia next week.

UK ENERGY CRISIS STALLS HAMPSHIRE

Keith Hampshire is still being considered to host/headline a British TVer along the lines of "Midnight Special" and "In Concert", however, the current UK energy problem has caused a shelving of the idea temporarily. He is currently seen Saturdays on CBC-TV's "Music Machine".

A&M are still pushing on Hampshire's single, "Big Time Operator", which had a fair run up the U.S. charts and made it to the Canadian Top Five (Jan 19/74). The label's promo team have been working the single for more than ten weeks. There is no date or title for a follow-up single.

JACKS' "SEASONS" CERTIFIED AS FIRST PLATINUM SINGLE

Terry Jacks' initial single for his own Goldfish label, "Seasons In The Sun", has certified for an RPM Platinum Award, the first single Platinum Award to be gained by a Canadian artist. The single first hit the market in November entering the RPM 100 Singles Chart at no. 75, first week (Nov. 17). The single continued to make strong gains up the chart until this past week when it topped the chart (Jan 26/74).

The success of the single has been the heavy promotion supplied Goldfish's promotion manager, Ray Pettinger, by London's network of promotion people. Major and break-out markets moved rapidly on the single which influenced U.S. action through CKLW in Windsor. The single is now breaking nicely in the U.S. where it is released on the Bell label.

REPRINT

RPM will celebrate ten years in the business on February 24, 1974. In the issues prior to that date RPM will dip into the past and bring you reprints of interesting pages from RPM's past. This week's REPRINT is from an issue dated May 18th, 1964.

We would like to remind you

again of THE ANNUAL R.P.M. AWARDS which will take place the latter part of December 1964. There will be seven awards as follows.

- (1) Canadian Record Artist of the Year
- (2) Canadian Content Single of the Year
- (3) Canadian Content LP of the Year
- (4) Canadian Radio Personality of the Year
- (5) Canadian Radio Station of the Year*
- (6) Canadian Man of the Year*
- (7) Canadian Song of the Year

* awarded to the individual or radio station that has done the most to promote Canadian talent. The subscribers of RPM will each be asked to vote on these categories, and the votes will be tabulated by a neutral body, and the presentations of these awards will be made December 31st., 1964. We hope in the few months we have left there will be an increased interest by radio stations and record companies to put out more GREAT Canadian records and program these records and perhaps by the time the end of the year rolls around we will be enjoying the 8% Canadian content we deserve.

Thanks to DONN REYNOLDS "Texas Yodel" (London) we became aware of a new Country and Western magazine called Country Gentlemen. We have mentioned before in RPM that we are not too familiar with C&W music but that we would try to keep you informed until a suitable publication came along. Well here it is. If you are interested in what's happening in the Country and Western field then this is the magazine for you. It deals with Country news generally but we understand will be leaning towards Canadian Country talent. Their address is Country Gentlemen P.O. Box 215 "U" Toronto 18, Canada.

DISC JOCKEY MOBBED: DISC JOCKEY THREATENED: A TELEPHONE CALLER THREATENED THE LIFE OF DISC JOCKEY DAVE MICKIE AFTER A TUMULTUOUS WELCOME AT A HIGH SCHOOL YESTERDAY. The Canadian Press reported it, the local newspapers found it exciting news and took photos to prove the mob scene. Dave Mickie of CHIQ Hamilton was invited by a local Hamilton High School to take part in their school track and field activities. A crowd estimated by police to be in excess of 3500 were on hand to greet Mickie as he landed on the school grounds in a helicopter. Several people were hurt in the rush by teenagers to get closer to Mickie. One dissenter in the crowd, with the help of a tire chain, attempted to show his disapproval of Mickie but was roughed up by those who approved and was later arrested for carrying an offensive weapon. The radio station later reported a telephone threat on the life of Mickie. It has been suggested, the only thing bigger than Dave Mickie in Hamilton is the Hamilton Mountain.

CKEY and **AL BOLISKA** are next in line to bring in an English group. **THE DAVE CLARK 5** are slated to appear for possibly two shows on June 9 at Varsity Arena Toronto. Also headlining the show will be Canadian **BOBBY CURTOLA**. Tickets are already on sale and being grabbed up very fast.

The rumours about the Canadian radio great who had a little difficulty in the US and is likely to show up on the Canadian scene again are getting bigger and bigger, but remember to own the controlling interest of a Canadian radio station, you must be a Canadian.

Please remember, our deadline is Wednesday. If there isn't mention of your information possibly it was because of the lateness of arrival of your letter.

MCA/CJOB-FM Winnipeg made the big pay-off for one of their most successful contests of last year. Listeners had to identify four voices from the country world (Kitty Wells, Bill Anderson, Ernest Tubbs, Marty Robbins) to be eligible for the grand prize of 163 MCA albums. Six weeks of promotion and 1500 entries later the prize winner was announced.

Co-Chairmen Len Moore and Jim Inch send a reminder that the closing date for commercial entries in the 1974 Canadian Television Commercials Festival is March 1. Festival location will be the Four Seasons Sheraton Hotel in Toronto (Apr. 25). All entries must have been aired between Mar. 1/73 and Mar. 1/74 and not entered in any previous commercials festival.

American folk singer Oscar Brand has recorded Gordon Sinclair's comment "The Americans" for his American Patriotism album soon to be released on Pickwick Records. He was seen on the CBC-TVer "The Tommy Hunter Show" (Jan. 18) reciting the Sinclair hit.

Paul Kennedy of CKDH Amherst, Nova Scotia, reports that J.P. Gaudet has left the station for CFCY Charlottetown. New

on-air lineup as follows: Ian McPhee 6-9AM, Fred Arenburg 9-10AM (talk), Ron Robinson 10AM-1PM, Paul Kennedy 1-4PM, Carl Humphrey 4-8PM, Jeff Scott 8PM-12MN. Paul Kennedy is the new program director.

With the CRTC's approval for an AM station at Golden, B.C. (CKGR) a separate operation for CKCR Revelstoke is now in effect. Record companies should take note and send record info to Box 1420 Revelstoke. Address for the parent station, CKXR is Box 69, Salmon Arm.

Terry Shepherd, music director at CKCQ Quesnel, B.C., advises that the station has moved into new studios. Record companies should take note of the new address — 160 Front St. The station has also expanded their night time music programming. They now program about 15% contemporary rock and would like to be put on the mailing list for this type of product. CKCQ is still heavy with "pop" programming and maintains a playlist of fifty as well as a country fifty. The latter has been somewhat lacking because of lateness in receiving product.

CFQC Saskatoon "Thinks Summer" (Jan. 19-20). The station presented a solid weekend of summer sounds with giveaways including sun tan lotion, beachballs, golf balls, bikinis etc. Although it was hovering around the 40 below zero mark, music director Lee Silver-sides was confident the station would warm up the locals with the sounds of summer.

CFBC-FM have a new "live" morning show. Peter Borbely, program director, is looking for good "pop" material. The show runs from 6-10AM. The station is also starting a French program and would appreciate receiving product for this show. Address all enquiries to Box 930, Saint John, New Brunswick.

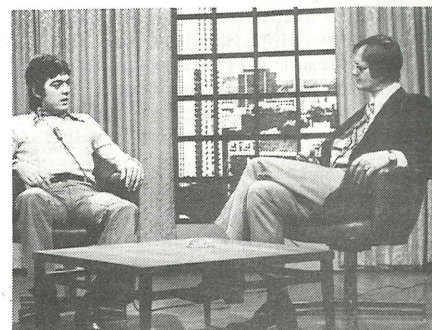

CHLO/London/St. Thomas are running the "Rolling Stones Story" bought from the BBC on Jan. 21st, 12 noon to 6PM and again Jan. 28 from 6PM to 12 midnight. They are also running a give-a-way of 2 complete sets of Rolling Stones LP's to the winner. (one for you and one for a friend). They are taking 2 calls per hour plus mail entries.

CHOM-FM Montreal's program director Tim Thomas has a novel way to sell the station, if he can. He is preparing highly professional radio spots, selling the station, and he's going to hock them around to the AM stations in the Montreal area.

Reiner Schwartz is back to Montreal and CHOM-FM as well as freelance television work. He took a three month leave of absence for a trip through Europe and the middle east. Unfortunately winter and the Israeli/Arab baddies were all around him and

he feels he was lucky to get back home safely. He is trying a new gig doing the 10AM to 2PM time slot for CHOM — a challenge for Schwartz who is used to the twilight hours.

John Oliver moves from CHEC Lethbridge to CJME Regina effective Jan. 28.

Bob Burns of CKY-TV and FM in Winnipeg interviews MCA's Canadian artist Alan Schick. His initial single for MCA, "Lucy, Lucy, Lucy", scored well with all radio stations in Winnipeg (CFRW, CKRC, CKY, CJOB) and at the University of Manitoba.

CHML will be mailing regularly to record companies and radio stations, copies of RPM's Programmer's Pop Music page indicating what songs they are playing. They will also be sending out a copy of their new additions with the check list.

CHML's Anne Murray concert at Hamilton Place was sold out in 35 minutes, Saturday morning. The station arranged with Balmur Enterprises for a second performance which sold out in one hour (Jan 23). Mayor Copps has declared Jan 31st as Anne Murray Day and will present the popular Capital Miss with a Golden Hard Hat Award. This event was organized by CHML in conjunction with the Mayor's office.

Commencing Sun Jan 27, CFTR Toronto will feature a one hour show tagged "Contemporary Classics" to be hosted by Alex Sharpstone. Featured music will include that of Procol Harum, Apollo 100, Moe Koffman and many others.

CFTR will also bow a thirty minute regular feature of music and interviews hosted by Paul Godfrey. The show will begin Sunday Jan 27 at 9PM and will guest name groups and artists including: Dr. John, Keith Hampshire, Ronnie Hawkins, Gary & Dave, Andy Kim and others.

Michael Christie has taken a holiday from CFOM Saskatoon to look over the Canadian broadcasting scene. New lineup at the station as follows: Peter Bell, Mike Reid, Gary

Wood and Larry Fedoruk with Bill Gerald doing the open line show.

Radio Lutheran in Waterloo is now known as Radio Laurier. Address product to: 75 University Ave. West, Waterloo, Ont.

CKPT Peterborough presents Lighthouse in concert at the Memorial Gardens (Feb 8). Station giving away tickets on their "Letters to Lighthouse" contest. New lineup at CKPT: John Mariasine 6-9AM; Ken Cassavoy 9AM-Noon; J. Murray Jones Noon-3PM; Bill Hughes 3-7PM; Dale Parker 7PM-Midnight; and Gene Stevens all night.

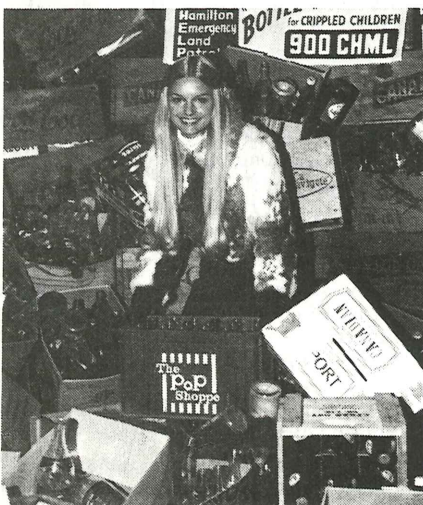

CHML'S BOTTLE CLEAN UP RAISES BUCKS FOR KIDS

More than \$2,000.00 was raised for the Hamilton and District Crippled Children through a bottle collection drive spearheaded by CHML Hamilton. The "Operation Bottle Clean Up '74" was organized by the Hamilton Emergency Land Patrol (H.E.L.P.) which pooled their manpower and vehicles for the four day "Bottle Blitz" the first week in January.

The idea originated with H.E.L.P. with complete backing by CHML who provided publicity, warehouse facilities, trucks and food for the four day blitz. The station urged their listeners to gather together their refundable bottles, left over from the holiday season's festivities, and telephone H.E.L.P. headquarters who in turn would dispatch member helpers through their short wave communications.

It was a big four days for Hamilton with an overwhelming response that kept the H.E.L.P. people working into the night. CHML added more excitement to the drive by reporting directly from the collection headquarters that was provided by Dofasco. The final day of the drive saw a donation of more than fifteen hundred bottles from the Stelco Nanticoke Operations.

CHML and the Hamilton Emergency Land Patrol have worked together on similar projects but as CHML's promotion manager Bob Krueger put it: "Bottle Clean Up '74 was by far the best organized and successful of all our efforts."

A pretty Miss among the mess of CHML/H.E.L.P. bottle project.

CBC RADIO PRESENTS "HOMAGE TO LIGETI"

While in Toronto last year for the CAPAC/MacMillan lectures, Gyorgy Ligeti, composer of the music used in "2001: A Space Odyssey", performed three of his works at the 1973 CBC Toronto Festival. The MacMillan Theatre concert was taped by the CBC and will be aired Jan. 29 on the AM Network at 9PM EST and repeated Jan. 31 at 9PM EST on the CBC-FM network.

The CBC "Tuesday Night" presentation, produced by Larry Lake, will feature Ligeti's "Nouvelles Aventures" for three singers and seven instrumentalists, "Cello Concerto", and "Concerto For Thirteen Instrumentalists".

The "Nouvelles Aventures" features Marry Morrison, soprano; contralto Patricia Rideout; and baritone Gary Relyea and calls for an unusual sound effects of breaking dishes and ripping papers.

The "Cello Concerto", composed in 1966, showcases Winnipeg-born cellist Eric Wilson. It was Wilson, who now makes his home in New York, who performed the Concerto for the first time in New York in 1970.

All three works are performed by the CBC Festival Contemporary Ensemble, conducted by Robert Aitken.

It's interesting to note that since leaving Hungary in 1956, Ligeti has become involved in experimenting with electronic music and its effect on voices and regular instruments. One of his developments is known as micro-polyphony, in which a rich texture is achieved through layers of sound. Ligeti has also worked with Stockhausen and Gottfried Michael Koenig at the electronic music studios in Cologne and Utrecht.
